

And the winner is...

***Richa Sharma, Cleaner
Patient Support Services***

I am very pleased to advise that Richa Sharma is the June winner of the Employee of the Month Award.

Richa has been at Fremantle Hospital since January and her popularity just keeps growing.

She has quickly become well known by a range of people across Fremantle Hospital who recognise her work ethic and enthusiasm. Many say that she provides a quality service in different areas of the hospital.

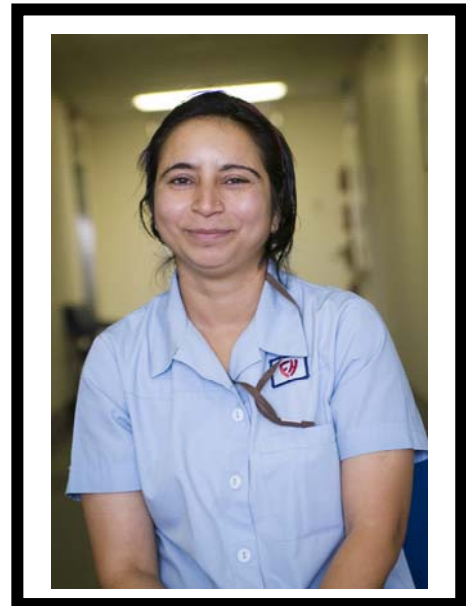

“Our corridors sparkle with her cleaning which is at a very high standard and you always can tell where Richa has been working because the place smells clean and lovely,” a colleague said

A formal presentation of the award by the Hospital Executive team will be held with Richa and colleagues.

Please continue to nominate lots of deserving colleagues. All nominations are valid for three months. Remember to always use the current nomination form available from the Public Relations Department and the Intranet.
